

Cookie Policy

CRIF S.p.A., with headquarters in Via Fantin 1-3, Bologna (BO), Italy, Data Controller for the processing of personal data, provides the following information regarding the use of cookies on its website, in accordance with EU General Data Protection Regulation n. 679/2016 (GDPR).

The Data Controller manages the cookies on this web site through a technological provider that has been appointed as data processor under art. 28 of the GDPR. You can find more information on the cookie management tool on <https://usercentrics.com/privacy-policy/#toggle-id-6>

What is a cookie?

A cookie is a text string sent by a web server (for example, the website) to the user's Internet browser, which automatically saves it on the user's computer and automatically sends it back to the server each time the site is accessed. Each cookie contains different data such as, for example, the name of the server it comes from, a numeric identifier, etc. Cookies can remain in the system for the duration of the session (i.e. until the browser used for web navigation is closed) or for longer periods, and may contain a unique identifier code. By default, almost all web browsers are set up to automatically accept cookies. However, each web browser allows cookies to be restricted and deleted (for more information refer to the section in this information notice on "How to enable, disable or delete cookies"). Remember, however, that disabling or deleting cookies may impede the optimum use of some areas of the site or compromise the use of services requiring authentication.

Types of cookies

- **Technical cookies:** technical cookies are those used solely for the purposes of sending a communication on an electronic communications network, or to the extent strictly necessary for the service provider of the information company to provide a service explicitly requested by the subscriber or user. These can be divided into: navigation or session cookies, which ensure the normal navigation and use of the website, analytics cookies, treated as technical cookies where used directly by the website manager to gather information in aggregate form on the number of users and how they visit the site, and functionality cookies, which enable the user to navigate based on a series of selected criteria in order to improve the service provided to the user.
- **Profile cookies:** used to track the navigation of the user on the network and create profiles of the user's tastes, habits and choices. Based on these cookies, advertising messages can be sent to the user's computer in line with the preferences already demonstrated by the user.
- **Third party cookies:** these are set by a website other than the one the user is actually visiting. While navigating the site, the user may also receive cookies sent from other websites or web servers (so-called "third parties"), which may contain certain elements (including, for example, images, maps, sounds, specific links to pages from other domains) present on the website the user is visiting. These cookies allow you to interact through your social account with this Site and to share with your friends/followers your interests. These cookies are not needed to surf this Site.

Types of cookie on this web site

- **Technical cookies:** technical cookies are those used solely for the purposes of sending a communication on an electronic communications network, or to the extent strictly necessary for the service provider of the information company to provide a service explicitly requested by the subscriber or user. These can be divided into: navigation or session cookies, which ensure the normal navigation and use of the website, analytics cookies, treated as technical cookies where used directly by the website manager to gather information in aggregate form on the number of users and how they visit the site, and functionality cookies, which enable the user to navigate

based on a series of selected criteria in order to improve the service provided to the user. Legal Grounds: no consent needed under art. 122 par. 1 of the Italian Privacy Code. Retention: Session.

- Third Parties Essential Cookies: these are set by a website other than the one the user is actually visiting but this Site needs them to function. Legal Grounds and data retention as described in the table below.
- Third party cookies for profiling and marketing: these are set by a website other than the one the user is actually visiting. While navigating the site, the user may also receive cookies sent from other websites or web servers (so-called "third parties"), which may contain certain elements (including, for example, images, maps, sounds, specific links to pages from other domains) present on the website the user is visiting. These cookies allow you to interact through your social account with this Site and to share with your friends/followers your interests. These cookies are not needed to surf this Site. Legal Grounds as described in the table below, data retention period set by each third party.

Information about third parties cookies

The issue and use of cookies by third parties are subject to their specific privacy policies. To ensure greater transparency and convenience, the web addresses for the various information notices and methods for managing cookies are reported below or by clicking the blue button on the right corner of this page.

Through this button the user can change its choices about cookies at any time and found more detailed information about them.

How to enable, disable or delete cookies

By default, almost all web browsers are set up to automatically accept cookies. These can be restricted or blocked through the browser settings. If you prefer websites not to save certain cookies on your computer, set up the browser so that you receive a notification prior to saving each cookie. Alternatively, you can set up your browser to reject all cookies or only third party cookies. You can also delete all cookies already on the system. It is important to underline that the settings must be changed separately for each browser and each computer. If you block the saving of cookies, we cannot guarantee the correct functioning of the website. Some functions may be unavailable and it may no longer be possible to view certain websites. Furthermore, blocking cookies does not block advertising. These will simply be no longer customized on the basis of your interests and will be sent more frequently. Settings are changed differently for each browser. If necessary, use the browser guide function to define the correct settings.

For more information about the cookie setting, we link the instructions for the most important browser web:

User Rights

We also inform you that, under provisions of GDPR, on the base of lawfulness of processing and of the modalities of processing, if the conditions are met, you have the following rights: access to and rectification or erasure of personal data or the restriction of processing concerning your data or to object to processing as well as the right to data portability. Furthermore, you have the right to withdraw your consent at any time, without affecting the lawfulness of processing based on consent before this withdrawal.

In these cases, requests should be sent to CRIF SpA, Via M. Fantin, 1-3, 40131 Bologna.

The data subject can lodge a complaint with supervisory authority, using the following link: <http://www.garanteprivacy.it/web/guest/home/docweb/-/docweb-display/docweb/4535524>

Data Protection Officer

For any questions regarding the processing of your personal data, please contact our Data Protection Officer, using the following contact details: e-mail: dirprivacy@crif.com; pec: crif@pec.crif.com.

Cookie policy amendments

The data controller has the right to make changes to this Policy at any time by informing users on this page as well as through the banner and, if possible on the Site. Please therefore consult this page and/or the banner regularly, referring to on the date of the last modification indicated at the bottom.

Last modification date: October 2022
